

2019 MOTIV8 Rules, Regulations & Fees

Motiv8 is focused **solely on the education of dance**. It is the sister company of 8 National Talent Competition. The incredible Motiv8 faculty is excited to share their knowledge with the dancers, teachers, and parents!

When a dancer is recognized for being inspiring in class, the instructor will present them with a "**Cre8ive Artist**" band. Each teacher will have a different color for the weekend. This allows dancers to be recognized for their hard work, yet at the same time continue sharing their energy with the other dancers on the dance floor.

The **Improv Challenge** at 8 National Talent Competition, "Movement over Mind" is one of the dancer's favorite parts of the events.

There will be a **class designated** to learning the combo for the "Innov8ive Challenge". This will be where we see what the dancers can do to make the movement their own. This challenge can be entered as a solo, duet/trio, or group.

Since Motiv8 is a convention only, this will allow the dancers to take **several classes** that are offered throughout the weekend. Motiv8 wants each and every dancer to leave feeling Motiv8ed so they can begin their dance season at their best!

Motiv8 will also incorporate seminars for the dancers, teachers, parents as well as a faculty **lunch chat** with the dancers.

Motiv8's classes are designed to keep the **focus** on the dancers and help them shine.
